

ARE YOU THERE ?

Do you think I'm original?
I'm a child after all
Am I laughing?
Am I crying?
I'm just dreaming
But after all

Do you care of what is going on
I'm just turning me on
Am I dancing?
Am I sinking?
I'm just flying
Everybody's gone

You won't kick me like a ball
I might be criminal
Am I changing?
Am I bursting?
I'm just smiling
You are really small

Many changes, many hopes on the line
But I'm still wondering where I am
Many lovers, many friends in my mind
And I'm still wondering where I am

You'd better stay here on my side (x 5)

Are you there?
Can't you feel me somewhere?
Can't you see where I'm going?
Does somebody care?
Does somebody dare?

Isn't money so practical?
It should be logical
Am I winning?
Am I loosing?
I need just loving
I'll never fall

Will it ever be so incredible?
I'm far too sensible
Am I living?

Am I dying?
I'm just feeling
I'm not responsible

Many changes, many hopes on the line
But I'm still wondering where I am
Many lovers, many friends in my mind
And I'm still wondering where I am

You'd better stay here on my side (x 5)

Are you there?
Can't you feel me somewhere?
Can't you see where I'm going?
Does somebody care?
Does somebody dare?
