BLIND

There's not long ago, thousand miles away
I was sitting on the beach, it was five
Stars were shining in the deep dark of the sky
Waves were crashing on the shore

Thinking about my future life
Closing my eyes to the past few years
I was glad to go away
To go away from here
To see the world appear
Ears to be found, for long
Ears to be found, for long
Ears to be found

I feel just the same, today
Fighting with the same, old way
People all the same, all where
Some so rare

Why is it so hard to find them
Why they don't be all their own
I don't hear little lady
I don't hear little lady
You're alone, alone, alone
Why d'you wait ?

You just stand there in the dark
Even don't know who you are
Lost in the years
Lost in the years
In the years
You can't hear

I know a place far away from hear
Where you and I would be the same
Born to be free, we are
Born to be free, we have
Wasted our time

It's so beautiful, you know
It's so wonderful, you know
Sunrise on the sea, its gold

Sailing by the reefs, alone
White sand everywhere, we'll run
Freedom in the sun, is not
Just a dream

Miracles of nature world
Can be found everywhere
You have to want little lady
You have to want little lady
You're alone, alone, alone
Be awake
Find your way

I realize it's easy to say
For we can't always do what we want
Perhaps it's a thick idea stamped in our mind
We all have to be our own
We all have to define our proper design
Follow the line

Can't you feel its hell inside
Can't you hear voices calling you
Far away from here
Far away from here
Far away

You're so beautiful to stay
You're a prisoner, I say
Thanks god I am not so blind
You don't realize, I'm right
You don't want to open the light
Keep on standing there , you'll fall
In a while
In a while
