ESCAPE

I feel alone
My heart is crying
And I am wondering
What can I do?

I'm really glad
To see me so healthy
I nearly can't believe it
Where do I go?

Searching for love
I think it's the only way
To breach the walls of yesterday
Expressions of my mind

I feel alone
For I can't say what I want to say
Never be in the game
Never understood

You my friends, why are you so far away?
You were for long the keys of my life
I'm here today, alone with my memories
I need someone to open my door

I need somebody
Stay with me
Show me the way

All sensations
Closed in my mind
I want to burst
Out of my prison

I need somebody
Stay with me
Show me the way

Listen to me
It's your duty
Don't let me down
I'm not a clown

I feel alone
Far away from my destiny
And I am wondering
Where do I go?

Give me your hands
I'm lost in my promise land
Lost in the music land
Unable to stand
