

## MEMORIES

Dear old friend are you fine today ?  
How is life, what the weather says ?  
Do you think the world is falling ?  
Or do you think it's time to sing ?

Dear old friend I am wild today  
Too much noise and nothing to say  
I'm alone beware I'm falling  
Just for a while I have to sing

Memories of all the good things we've done  
Memories always comes before dawn  
Many years hoping life could be fun  
Many ears, so much sun on the run  
All is gone  
All is lost in a song  
I hope that you can hear

Why don't we have the right to choose  
If you make what you want you loose  
Will it help if we start laughing ?  
Or do you think we have to sing ?

Dear old friend tell me where to stay  
All the roads goes so many ways  
All the time I can't stop wondering  
How we can fin the way back home

Memories of all the good things we've done  
Memories always comes before dawn  
Many years hoping life could be fun  
Many ears, so much sun on the run  
All is gone  
All is lost in a song  
I hope that you can hear
